# Unimate

Natural Lemon

There are some days when you feel like you're on top of the world—it's those kinds of days where you accomplish more, and you do it with style. Other days, you feel unmotivated to complete tasks. So what makes the difference? How can you make every day a great day?

**Unimate helps make great days the rule, not the exception.**

Yerba mate comes from a plant native to South America, where it has been consumed in community rituals for hundreds of years and contains naturally occurring antioxidants and nutrients. The yerba mate leaves in Unicity Unimate undergo a proprietary five-step process—handpicking, fire roasting, extracting, concentrating, and purifying. As a result, Unimate is a concentrated extract that highlights the benefits of yerba mate. No matter what daily tasks await, Unimate can help you feel great.

**Choose Unimate and choose to feel great.**

## Features

- High-quality, purified, ultra-concentrated yerba mate
- Yerba mate contains naturally occurring
  - Chlorogenic acids
  - Theobromine
  - Antioxidants
- Convenient single-serving stick packs
- Refreshing natural lemon flavor
- No added sugar (sweetened with stevia)

## Ideal for

**Entrepreneurs, business people, super moms, and super dads**

Unimate provides just the right amount of support to nail that afternoon presentation, finish all the household tasks, or help the kids with the project they just conveniently remembered was due tomorrow.

**Athletes**

Whether you're working out or enjoying your favorite sporting activity, Unimate helps you tackle it all. The convenient on-the-go packets make it easy to take Unimate with you for those longer excursions.

## Use

Mix the entire contents of 1 stick pack (5.1 g) with 375 mL (12 oz) of hot or cold water (add more or less to taste). Drink once or twice per day.

## Ingredients

**Green yerba mate leaf** - Yerba mate comes from the leaves of the holly plant native to the central regions of South America. Yerba mate has been used by indigenous people for centuries. Yerba mate is a natural source of caffeine, and it contains polyphenols, which have potent antioxidant activity.

Yerba mate contains naturally occurring:

- **Chlorogenic acids** - Chlorogenic acids are polyphenolic compounds found in plants and seeds, such as yerba mate, green coffee beans, and tea.
- **Theobromine** - Theobromine is a molecule best known for its presence as the “feel good” compound in chocolate.

## When to drink

- Before working out
- In the morning to start your day
- Between meals
- Before an important meeting, test, or presentation

## Try this

Prepare your Unimate hot, and stir with a cinnamon stick.

Try adding a tablespoon of coconut oil to your Unimate.

Add a tablespoon of Unicity Lean Complete Protein Vanilla powder for a nutritious, sweeter beverage.

Try Unimate Lemon with ice for a cool, delicious recharge.

Looking for an extra boost? A Matcha-Unimate combination should do the trick.

# Unimate

FAQs

## How much caffeine is in one serving of Unimate?

The product has been tested for an upper caffeine limit, and it has about as much caffeine as one cup of premium coffee. However, since botanical ingredients can have some variation, the caffeine amount is not standardized.

## Who can take Unimate?

Unimate is intended for adults. Not suitable for pregnant or nursing women, children, or people sensitive to caffeine. More than the recommended use should not be taken.

## The Unimate process

Unimate is uniquely powerful thanks to Unicity's proprietary five-step process: handpicking, fire roasting, active biological molecule extraction, yerba mate concentration, and purification.

1 HANDPICKED

2 FIRE ROASTED

3 EXTRACTED

4 CONCENTRATED

5 PURIFIED
